## A Company with a Sweet Tradition

Since **1920**, **HARIBO** has been a family business which is now run by the third generation.

For over **90 years** the unique **HARIBO success story** has been **shaped by tradition**, high quality, trends and in particular a contemporary and dynamic image.

What **started at a backyard laundry** in a small suburb in **Bonn** with a sack full of sugar and a copper kettle has **developed into one of the best-loved and most well-known brands** in the confectionery industry.

**“Kids and grown-ups love it so, the happy world of Haribo”**. Who doesn't know the world famous and familiar advertising slogan of the company? A perfect definition of the brand, which reflects values like joy, pleasure, fun and variety.

Founder **Hans Riegel senior** had entered the company name **HARIBO GmbH.Co. KG** into the Bonn Commercial register on **13th December 1920**.

**HARIBO is an acronym of HAnS Riegel BOnn.**

Following their father's death in 1945, his sons Dr Hans Riegel and Paul Riegel took over the company business in 1946.

In 2010, HARIBO was given a new corporate structure to create the necessary conditions to ensure that it permanently remained a family-run international company, to promote continued growth and international expansion, as well as to safeguard the continued success of the group in the 21st century.
